### jan30 fm RED - PILOT.

RED PILOT is a first-class saddle horse, going all the saddle gaits with ease and asylventhe is also a very fast pacer, having paced quarters in 36 seconds—a 2:24 gait—with six weeks handling. He will be trained this year and will undoubtedly enter the 2:30 list. As a sire of speed, considering his limited opportunities, he has no equal in the State.

Bay Pilot, one of his first foals, has the destinction of holding the fastest stallion record in a race on a half mile track of any stallion in the State, 2:21½. Jeffle Lee, the fast young trotting mare has proved herself to be one of the most condistent performers out last year getting a record of 2:31, and being second in 2:25. She will be in Ed Geers hands and go down the Grand Circuit this season and will gets lew record; Monogram, who has a two-year old record of 2:45, has shown trials in 2:22 and would have entered the 2:30 list last season, had he not been thrown out of training.

Red Pilot has proven that he gets speed at both the trot and pace, besides getting first-classnatural saddlers in every instance. He has stood in West Tennesses and made heavy seasons the last two years and has aiways proved himself to be a sure foal-getter. He will serve a limited number of mares at my stable in Columbia at \$30 the season or \$40 by the insurance.

BROWN MARK, the subject of this sketch is a horse of rare individuality and royal breeding. His sire Victor Bis mark, is considering his oportunities one of the most prepotent sons of the "old Hero of Chester" Hambletonian 10, the greatest progenitor of trotters the world has ever seen. Bismark's career in the stud has been very limited. All the mares bred to him were without reputation as matrons; then anumber of his best get were destroyed in the fire at the Cedars; but the breeding and transmitting power was in him and within four years 20 performers with records from 2:16 to 2:30 have been placed to his credit. He is a sire of game resolute race-horses; soundness, high form and good colors are marked characteristics of all his get, Another great feature of Bismark is that he gets colt trotters. Edgemark was the most successful two and three year old race horse in Kentucky. Von Wikes 2:38½ as a yearling and Kentucky Volunteer as a two-year-old were great youngsters. Brown Mark's dam also has every reason to perpetuate that strong instinct to trot fast and early. Her sire Mambrino Boy 2:26½ was not only a trotter himself but a sire of trotters as shown by the records; and daughters of Mambrino Boy have demonstrated the great breeding on powers of the family by producing some of the fastest colt trotters of any age. Axtel 2:12 at three-years-old, that soldfor \$105,000 was out of a mare by Mambrino Boy. Alleston 2:15½ at four-years-old, an equally high priced colt, was out of a mare by the same sire. Hence Mambrino Boy mares are ultra fashionable. To a student of pedigree the breeding of Brown Mark will be appreciated at once; hence it will be seen that no horse has a better inhoritance to produce a high rate of speed at an early age than Brown Mark, he is a horse of good finish, full 16 hands high, a beautiful mahogany brown color, very strong and muscular, with the best of legs and feet; his record 2:25, 4thheat in a race, was obtained with very limited training.
